Proceedings of His Exalted Highness the Nizam's Government in the Judicial, Police and General Departments—(EDUCATION).

No. 3/1
EDUCATION DATED { 9th Bahman 1340 Fasli.
22nd Rajab 1349 Hijri.
13th December 1930 A D.

READ :—

Report of the Director, Public Instruction for the year 1338 Fasli.

1. Mr. S. Mohamad Hussain, Deputy Director, officiated as Director Public Instruction, from 19th Shehrewar, 1337 Fasli to 13th Bahman, 1338 Fasli, and during this period his work was found satisfactory. After that Mr. Fazl Mohammad Khan was in charge of the Department till the end of the year 1338 Fasli. The report under review is the first of its kind submitted by him.

2. As a prelude to his report the Director has chalked out a programme on the basis of which he proposes to carry out his reforms, and it is hoped that his future reports will show how far he has achieved his laudable object. He can always count on Government support.

3. Government are pleased to note that the touring of the officers of the Education Department was satisfactory.

4. *Schools and Scholars.*—The number of Public Institutions shows a very little increase, viz., from 4,225 to 4,246 and that of scholars reading in them from 281,294 to 291,180. The number of private institutions was 1,184 with a strength of 30,421 as against 1,269 with a strength of 31,870 in the previous year.

5. The percentage of boys under instructions to the male population of the school-going age was 29·5 as against 25·5 and that of girls to the female population of school-going age was 4·3 as against 4·1 in the previous year.

6. *University Education.*—A review is made elsewhere of the report submitted by the Osmania University.

The number of students in the Nizam College was 287 as against 299 in the previous year—a slight decrease. The college is limited to 300. The results of the various examinations continue to be very satisfactory :—

Names of Examinations				Examined	Passed	Per cent.
B A. Honours Degree (History)	..			2	1	50·0
B.A. Honours (History) Preliminary

Mr. W. Turner, M.A. (Edin.) joined the staff in place of Mr. P. F. Durand who was transferred to Jagirdars' College as Principal. It is a matter of regret that Mr. Burnett relinquished the reins of his office after a long and meritorious service of 30 years. His Exalted Highness' Government wish to place on record their full appreciation of the splendid work Mr. Burnett

rendered to the Nizam College as Professor, Head-master of the Madrasa-i-Alia and Principal.

An interesting feature of the year was that Miss Amina Pope and Mr. S. Mohammad Azam were deputed on behalf of the Education Department and the Osmania University respectively to attend the all-India Teachers' Federation to the World Conference of Education held in Geneva.

7. *High Schools.*—The number of High Schools with English as medium of instruction increased from 23 to 24 with 1,201 more scholars than in the previous year.

During the year under review there was a decrease of 2 schools and 512 scholars in the number of Osmania High Schools with Urdu as medium of instruction. Owing to one High School being recognised by the H. S. L. C. Board as an aided English High School and the other being reduced to the grade of a Middle School the results of the Osmania University Matriculation Examination were not at all satisfactory. They are even a little worse than those of the preceding year.

8. *Middle Schools.*—The number of Middle Schools was 117 as against 109 of the preceding year, and that of scholars 29,352 as against 27,299 of the previous year. At the annual Middle School Examination 4,039 candidates appeared out of which 2,181 or 53·7 per cent. were successful. The results are about the same as those in the preceding year. The Government had seen the inexpediency of this Public Examination and therefore abolished it. A success at this examination did not qualify the candidate for any Government post in the State. On the contrary it subjected persons of tender age to the worry and strain of a public examination.

9. *Primary Education.*—The number of schools shows a very little increase, viz., from 4,011 to 4,022 and that of scholars from 2,31,778 to 2,38,544.

10. *Female Education.*—There were 699 girls' schools in 1336 Fasli 696 in 1337 and 693 during the year under review. But in spite of the decrease in the number of schools the number of pupils has steadily increased. 38,758 girls went to schools in 1337 while 40,515 went in 1338 Fasli. The expenditure on female education was Rs. 7,35,062 as compared with Rs. 6,79,373 of 1337 Fasli.

11. *Special Schools.*—In the past only Intermediates, Matriculates and Middle Passed could be trained as teachers. During the year under review on the proposal of the Director of Public Instruction the Faculty of Education was inaugurated by the Osmania University. Hence a class for the training of Graduates was opened in the Training College, Hyderabad. The examination results of the Training College, Hyderabad, were highly satisfactory.

The Osmania Technical Institute has maintained its progress. There were 345 students on the rolls as compared with 231 of last year. Four examinations were held during the year and the results were quite satisfactory.

One of the most interesting subjects is that of adult education. His Exalted Highness the Nizam's Government are pleased to note that the importance of Adult Education is being realized by the public of Hyderabad and the number is increasing. During the year under review there were 7 Adult Schools as against 4 in the previous year with a strength of 254 as against 129 in 1337 Fasli.

12. *Buildings.*—The total amount spent on buildings and repairs during the year under review was Rs. 3,90,740 as compared with Rs. 1,44,728 of the previous year.

13. *Scholarships.*—The total expenditure on Scholarships amounted to Rs. 5,92,611 as against Rs. 7,13,225 in 1337 Fasli. There were altogether 11 Scholarships granted for study in Europe and 4 for study in India. In addition to this Rs. 82,000 were granted in loan to 11 different students who proceeded to Europe for further studies.

14. *Expenditure.*—The total expenditure on Public Instructions from all sources was Rs. 86,37,136 as compared with Rs. 80,73,468 of 1337 Fasli.

Conclusion.—In conclusion His Exalted Highness' Government have confidence in the Director, Public Instruction, that he with the help of the enthusiastic band of officers, whose work has been commended by him in the report, will continue the progress and consolidation of Education, paying special attention to the requirements of the rural areas.

(By Order)

AKBAR YAR JUNG,

SECRETARY TO GOVERNMENT,

Judicial, Police and General Depts.

REPORT ON THE PROGRESS OF EDUCATION IN H.E.H. THE NIZAM'S DOMINIONS FOR THE YEAR 1338 F.

CHAPTER I.

I took over charge of the Department from Mr. Syed Muhammad Husain, Acting Director of Public Instruction, on the 13th Bahmon 1338 Fasli, and remained in charge throughout the remaining part of the year under report.

The following is a brief summary of the progress made by the Department, during the year under report ; the details of which are given in subsequent chapters :—

1. *Number of pupils* :—It is gratifying to note that, in spite of the outbreak of Plague at Balda and in some districts of the Aurangabad, Medak and Gulbergah Subahs, the number of schools increased by 21 and that of scholars by 9,886. The total number of public schools was 4,246 with a strength of 2,91,180 as against 4,225 schools and 2,81,294 scholars in 1337 Fasli.

2. *Expenditure* :—The total expenditure on Public Instruction (including Collegiate Education) was Rs. 86,37,136 as against Rs. 80,73,468 in the previous year.

3. *Collegiate Education* .—(a) The Osmania Engineering College, Hyderabad, was inaugurated on the 15th Meher 1338 F. and the question of amalgamation of the Hyderabad Civil Engineering School with the newly opened College is under consideration.

(b) The Intermediate College, Warangal, which was started as an experimental measure, two years ago, was recognised as a second grade College by the Osmania University.

(c) The Osmania University established the Faculty of Education and a B. T. Class was opened in the Training College, Hyderabad, for the training of graduate teachers, in Sherewar 1338 Fasli. The B. T. Class began its work with 10 students on the 1st Aban 1338 Fasli.

4. *Secondary Education* :—(A) *High Schools* .—(a) The Mufidul Anam School, Aetabar Chowk, which is an aided school, dropped the Osmania University Course, and adopted the H. S. L. C. Course instead, and hence became an English High School.

(b) The Hind Middle School, Charmahal, which was an aided Osmania High School, was reduced to the grade of a Middle School, as it could not work satisfactorily as a High School.

(B) *Middle Schools* :—(a) The Government Upper Primary School at Shafipur in the Aurangabad District and the Government Primary School for girls at Shahlibunda were raised to the Middle School grade.

(b) The following institutions were recognised by the Department as Middle Schools :—

1. Middle School Parthur, Parbhani District (a Jagir of Maharajah Sir Kishen Pershad Bahadur).
2. Boys' Mission School, Bidar.
3. Girls' Mission School, Bidar.
4. Methodist Episcopal Mission School, Yellandu, Warangal District.

The Staff.

The Government High School, Chadarghat, was strengthened by the addition of three posts for manual training and kindergarten.

5. *Primary Education* :—(a) Fifteen Government Primary Schools were converted into Local Fund Schools and a few branch schools connected with High and Middle Schools, were closed and the amount thus saved was utilised for the improvement of Secondary Schools.

(b) Seven Primary Schools were newly started.

(c) Six Primary Schools, aided by the Ecclesiastical Department, were recognised.

6. *Vocational Education* :—To give a practical bias to literary education, vocational instruction was introduced in some of the High, Middle and Primary Schools. It is gratifying to note that vocational instruction is gaining popularity in the State.

7. *Women's Education* :—(a) The Government Primary School for girls at Shahalibunda was raised to the grade of a Middle School.

(b) A Cookery Teacher was appointed for the Mahbubia Girls' High School and the Zenana High School, Nampally.

(c) A teacher was appointed in the Zenana High School, Nampalli, to teach "Qirat."

8. *Adult Education* :—Three Adult schools working in the mosques at Balda, were recognised by the Department.

9. *Boy Scouts* :—Seven troops were newly started in different parts of the Dominions during the year under report. The number of scouts has risen from 1,029 to 1,221.

10. *Buildings* :—(a) Up till now, the Department has secured 214 sites for the school-buildings. During the year under report, two Primary School-buildings which were completed by the Public Works Department, were handed over to the Department; two buildings were purchased at a cost of Rs. 2,854 - one for the Primary School at Kanakagiri, and the other for the Primary School at Pothakapalli.

(b) The Government sanctioned the construction of 14 Primary School-buildings from the balance of the Local Funds.

11. *Improvement in the Personnel of the Department* :—During the year under report, the Department was further strengthened by the appointment of teachers possessing the following qualifications :—

B. A. Trained	1
B. A's.	5
F. A. Trained	1
F. A's.	9
Matric. Trained	3
Matriculates	35
Middle Trained	4
Middle	24
Munshi Fazil	1
Moulvi	1
Drawing Examination Certificate Holders	2
Drill Masters	1
Others	9

12. *Miscellaneous* :—The Public Middle School Examination was abolished and arrangements were made departmentally to promote pupils from the Middle to the High School.

As it is the first annual report on the working of the Department under my direction, it seems desirable that I should review the educational situation in these Dominions at the time of my assumption of duties, and also to submit to Government my suggestions for the future development of the Department.

During the 12 years' tenure of office of my predecessor, Nawab Masood Jung Bahadur, Education in these Dominions has made a most wonderful progress. The number of schools and scholars in the State have been almost trebled, and the expenditure on Education has increased nearly four times. This extraordinary rapid expansion of Education, combined with the establishment of the Osmania University, under the benign and progressive rule of His Exalted Highness has given a new and vigorous life to the Hyderabad State.

The natural sequence to such a rapid expansion of Education, is consolidation. In all fields of human activity, there should be a stage of consolidation after every stage of expansion, especially, when expansion has been rapid. The work of consolidation will require intensive devotion to constructive reforms, with a view to enhance efficiency in every direction. However, it does not mean that the work of expansion should cease altogether. Expansion will continue along with the consolidation of the present position according to the circumstances of each locality. But, I wish to state clearly that consolidation is an urgent need of the Department, and it will require a large addition in the annual recurring expenditure, and also a good deal of non-recurring expenditure. The details will be found in the succeeding paragraphs.

The chief features of reform and development, will be the following :—

1. *The improvement of the school curriculum.*—It is being felt in educational circles in these Dominions, that the curriculum should be amended with a view to adopt modern ideas and to meet the present-day educational needs of the State. With this object in view, I held long discussions during the year under report, with the Senior officers of the Department and also those of the Osmania University. Steps are being taken to formulate definite proposals to be submitted to Government.

2. *The introduction of vocational instruction in schools.*—In order to give a practical bias to literary education, it is being felt throughout the educational world, that the introduction of some suitable form of manual training in schools is necessary. In fact, the introduction of vocational training will form one of the improvements of the school curriculum. This reform will require an additional expenditure of nearly 18 lakhs recurring annually and about 4 lakhs non-recurring.

3. *The introduction of compulsory physical education in schools.*—It is now generally admitted that physical education should be compulsory in schools. Orders have already been issued to make it compulsory for all school pupils to take some physical exercise every day. Steps are also being taken to improve the system of physical education.

4. *The provision of buildings, playground and school equipment.*—This question which has always been engaging the attention of the Department, becomes much more important now for the purposes of consolidation and reform. The provision of buildings and playgrounds for the Secondary Schools of the Dominions and the Primary Schools of the City of Hyderabad alone will require an additional expenditure of about 42 lakhs non-recurring. The increase of expenditure for the encouragement of games and sports will be about 18 thousand annually. The cost of school equipment will be about 40 lakhs non-recurring and about 5 lakhs recurring annually.

5. *The improvement of the School staffs.*—This is one of the most important features of consolidation, and is an urgent need of the Department. My visits to different schools, during the year under report, have shown that their staffs are not adequate. The appointment of fully qualified teachers is necessary for the purpose of efficient teaching. The first step in this direction has already been taken by the establishment of the B. T. Class in the Training College, and other suitable proposals will shortly be submitted to Government. The approximate increase in recurring expenditure will be about 5 lakhs annually.

6. *The removal of the defects in the scale of salaries of gazetted officers and other officials in the Department.*—At present there are the following gazetted grades in the Department :—

Rs.		
200—10/1—	400	
250—15/1—	400	
300—20/1—	500	
500—30/1—	800	
500—50/1—	1,000	

The two grades of Rs. 200-400 and Rs. 250-400 are incongruous. There is no other Department than the Education Department, in which a gazetted officer in charge of a district gets a salary of Rs. 200 per mensem. This inequality deserves to be redressed. It hits the Educational Officer in two ways : it means less pay and less travelling allowance, than officers of the same status in other departments, and it lowers his position in the eyes of the public. It naturally affects his work adversely. Proposals for redressing this inequality will be submitted to Government. It will involve an increase in the recurring expenditure by 13 thousand annually.

7. *Miscellaneous items of internal reform.*—Proposals for the reform of the Department will be submitted as occasions arise. A beginning has already been made :—

i. *The abolition of the Middle School Examination.*—At the present stage of development of Education in these Dominions, this examination was proving a great impediment to future progress. Under Government rules, the certificate of having passed the Middle Examination, does not qualify a person for Government service in any office. But a great deal of money, time and energy was spent by young pupils to obtain this certificate. The existence of the Government Middle Examination made the pupils think that it was an important stage in the educational scheme of the State. For this reason, many pupils spent their energies on gaining success at this Examination, without any intention of going on to the Matriculation stage. For these reasons, this Examination was a great hindrance to the progress of education. Consequently, the proposal for its abolition was submitted to Government and was sanctioned. One good result of this reform will be to turn the attention of young scholars to the Matriculation Examination more than before. Another good result will be the saving of a vast amount of time and energy, and the removal of the tremendous strain of a public examination on the young pupils at a tender age.

ii. *Scholarships.*—It has been customary to give educational scholarships out of various funds of the Department, which are really not intended for the purpose. It is my aim to release such Departmental funds from the grip of these scholarships, and make them available for the ever-increasing requirements of the Department. A beginning has already been made to achieve the object in view.

iii. *Exemption of Zabandani Examination.*—With a view to increase the efficiency of the teaching staffs, the practice of exemption from the Zabandani Tests has been stopped, and the rules are being revised to make the system more effective and useful.

The above is merely a brief indication of my plans for the further improvement of the Department. It is not an exhausted scheme by any means. More and more proposals will be submitted as occasions arise. An approximate estimate of the expenditure required for every improvement has also been given. Government orders with regard to the above will be carried out to the extent of the funds provided under each head. It need hardly be stated that the best investment of State money is in Education and also that any improvement in Education, whether in the form of consolidation, reform or expansion, will mean more expenditure.

CHAPTER II.

GENERAL STATISTICS.

Schools and Scholars.

The number of Public Institutions on 30th Aban 1338 Fasli was 4,246 as against 4,225 and the number of scholars reading in them was 2,91,180 as against 2,81,294 in the previous year. The number of private institutions was 1,184 with a strength of 30,421 as against 1,269 with a strength of 31,870 in the previous year.

Of the total number of public Institutions 1,122 were Government Institutions with 1,43,402 pupils ; 140 were Sarf-i-Khas institutions with 14,369 pupils ; 1,014 were Local Fund Institutions with 53,302 pupils ; 1,020 were of

Experimental type with 32,575 pupils; 770 were Aided Institutions with 36,961 pupils; and 180 were Unaided institutions with 10,571 pupils.

The following comparative table shows the number of schools and scholars for 1337 and 1338 Fasli, classified under the different grades of education :—

<i>Private Institutions.</i>				
Private Indegenous Schools	1,296	1,184	31,870	30,421

These figures show an increase of 21 schools and 9 886 scholars under public institutions. Under private institutions there has been a decrease of 35 schools and 1.449 scholars.

2. *Average Daily and Monthly attendance in Public Institutions.*

The average monthly number on the roll in all Public institutions was 2,57,221 as against 2,48,935 in the previous year and the average daily attendance was 2,09,167 as against 2,04,324 or 81·3 per cent. of the average monthly roll as against 81·2 in the previous year.

3. *Percentage of Scholars and Population of school-going Age.*

The percentage of boys and girls under instruction to the population of the school-going age calculated as usual at 15 per cent. of the total population according to the Census of 1921 was 17·2 as against 16·7 in 1337 Fasli ; that of boys to male population of school-going age was 29·5 as against 28·8 and that of girls to female population of school going age was 4·3 as against 4·2 in the previous year.

4. *Proportion of Schools and Scholars to Population and Area.*

On the average, there was one school for every 15·2 square miles of area, and 2,297 persons of total population, and one out of every 5·8 of the population of school-going age was under instruction. The proportion of pupils to the total population was 1 in 38·8 as against 1 in 39·8 in 1337 Fasli. It may be mentioned here that a large area of the Dominions comprising, certain portions of Sarf-i-Khas, Paigah and Jagirs, is out of the jurisdiction of the Education Department. So if only the area of Diwani land (48,966 sq. miles), out of the total of 82,698 sq. miles is made the basis for calculation, there is a Public school for every 11·5 sq. miles as against 11·6 sq. miles in the previous year.

CHAPTER III.

CONTROLLING AGENCY.

A. *Direction.*

I took over charge of the Department from Mr. Syed Muhammad Husain, B.A., (Oxon.), on the 13th Bahmon 1338 Fasli and remained in charge till the end of the year under report. I spent 11 days on tour and travelled 246 miles by rail and 592 miles by road and attended 42 meetings at the head-quarters. In the course of 9 months and 18 days I inspected 2 Divisional and 5 District Inspectors' Offices, 1 Intermediate College, 2 Training Schools, 3 High Schools, 4 Middle Schools and a few Primary Schools in the District head-quarters.

It was my desire and intention to do more touring than I was able to do. It so happened that I assumed charge of the Department in the middle of the touring season but I was unable to leave head-quarters owing to some very important work which necessitated my presence at head-quarters during the touring season. By the time I finished this important work, the schools were closed for the summer vacation. I had, therefore, to postpone my touring till the re-opening of the schools. The schools re-opened on the 1st of Amardad 1338 Fasli and it was not desirable that they should be inspected immediately after the commencement of the school year. Whatever touring I did in 1338 Fasli was done during the last 2½ months of the year.

Mr. Syed Muhammad Husain as acting Director of Public Instruction up to the 12th Bahmon 1338 Fasli toured for 9 days and travelled 168 miles by road inspecting one office of the District Inspector, 1 High School, 2 Middle Schools, 1 Special School and 3 Primary Schools. He attended 6 meetings at the head-quarters.

He reverted to his original post of Deputy Director of Public Instruction on the 13th Bahmon 1338 Fasli. As Deputy Director, he spent 11 days on tour and travelled 876 miles by rail and 287 miles by road visiting 1 Divisional and 2 District Inspectors' Offices, 2 High Schools, 3 Middle Schools, 1 Primary School for girls and a few Primary Schools for boys.

Mr. Syed Mohiuddin, B.A., Bar.-at-Law, the Assistant Director of Public Instruction who acted as Deputy Director of Public Instruction up to the 12th Bahman 1338 Fasli, reverted to his original post on the 13th Bahmon 1338 Fasli. As Acting Deputy Director, he toured for 3 days and travelled 170 miles by rail and 8 miles by road visiting 1 High School.

As member of a Committee deputed by a Farman to inspect the Deobund School in Upper India and to report on its affairs, Mr. Syed Mohiuddin visited Deobund and was thus away from the head-quarters for 15 days.

Mr. Narsingh Rao, the 2nd Assistant Director of Public Instruction was on tour for 5 days and travelled 124 miles by rail and 14 miles by road and inspected the office of the District Inspector of Schools at Mahbubnagar.

Mr. Sher Muhammad Khan, B.A., continued as 3rd Assistant Director of Public Instruction, Secretary for Government Local Examinations and Secretary, H. S. L. C. Board throughout the year.

The number of letters received at the Head Office during the year under report was 26,476 and the number disposed of was 35,466. 4,318, new files were opened during the year and 3,270 files were sent to the record section after disposal.

B. Inspection.

The following comparative statement shows the average itineration and inspection work of the Divisional, District Inspectors and Nazirs (Inspecting School Masters) for the year 1337 and 1338 Fasli :—

Officers	Year	No. of schools visited	No. of days on tour	Average No. of miles travelled by	
				Rail	Road
Divisional Inspectors	1337 F.	40·0	138 6	1,820·6	938·4
	1338 F.	66·6	191·6	1,852·6	902·2
District Inspectors	1337 F.	48·7	125 8	395·0	120·4
	1338 F.	71·5	174 5	128·1	732 2
Nazirs	1337 F.	72·6	206 0	377·3	680·5
	1338 F.	93·2	232·7	296·1	843·9

It will be seen from the above statement that the itineration and inspection work of the touring officers was better this year than it was in the previous year. It is due to the fact that Government were pleased to sanction a slight increase in the grant budgetted for touring expenses of the Inspectors, but it is felt that the funds are not quite sufficient yet. I hope the amount for touring purposes will be further enhanced to enable the touring officers to do inspection work more thoroughly.

Head Office.

The following are some of the changes that took place in the Head Office and the Inspectorate during the year under report :—

Mr. Syed Mohiuddin, B.A., Bar.-at-Law., the 1st Assistant Director of Public Instruction was transferred to Aurangabad as Principal of the Aurangabad Intermediate College owing to the retirement of Mr. Abdul Haq, B.A.

7. The services of Mr. S. M. Hadi, Director of Boy Scouts and Chief Inspector of Physical Education were borrowed by the Court of Wards for six months to enable him to accompany two wards to England as their guardian. He left Hyderabad on the 10th Ardibehisht 1338 Fasli.

Mr. Syed Ali Akbar, B.A., (Cantab.), Divisional Inspector of Schools, Balda, in addition to his own duties, acted as Director of Boy Scouts and Chief Inspector of Physical Education during Mr. Hadi's absence.

Mrs. A. L. Johnson, M.B.E., Principal, Mahbubia Girls' School, proceeded to Europe on 13 months' combined leave in continuation of the Summer Vacation and Miss G. M. Linell is holding charge of the school in her absence.

8. Mrs. M. Engler, M.A., L.T., Chief Inspectress of Girls' Schools proceeded on 5½ months' leave to Europe and America and while on leave, she was permitted to attend the 1st World Conference on Adult Education held in Cambridge from 22nd to 29th August inclusive. During her absence from Hyderabad, Mr. Sher Muhammed Khan, Assistant Director of Public Instruction remained in charge of her work, and Miss Viccaji, the Nazera did the inspection of schools.

District Inspectors.

Owing to the transfer of Mr. Ghulam Rubbani, District Inspector of Schools, Aurangabad, as Assistant Director of Public Instruction, Mr. Sajid Ali, B.A., B.T., was transferred to Aurangabad from Parbhani.

2. Mr. Shariful Hasan Burney, M.Sc., B.T., Inspector of Schools. Bhir, was transferred as a Lecturer to Warangal Intermediate College and Mr. M. Mustafa Khan, B.A., B.T., Inspector of Schools. Adilabad was transferred in his place to Bhir.

3. Mr. Malik Sardar Ali, B.A., B.T., Inspector of Schools, Nizamabad District was promoted and transferred to the Osmania Training College, Hyderabad as Assistant Professor and his place was taken up by Mr. Allauddin, M.A., (Oxon.), Head-master of Osmania High School, Mahboobnagar.

THE CITY INTERMEDIATE COLLEGE.

Strength and Attendance.

1. The strength of the College classes during the year under report was 100 as against 78 in the previous year—48 in the Junior and 52 in the Senior Classes as against 40 and 38 in the previous year. The average monthly attendance was 85.

Staff.

Mr. S. M. Azam, M.A., (Cantab.), B.Sc., F.C., remained in charge of the College. During the latter part of the year under report, he was deputed to the "All India Teachers Federation to the World Conference of Educational Association in Geneva," on behalf of both the Educational Department and the Osmania University. He was, therefore away for 4 months from July and Mr. Gulam Kader, B.A., a lecturer in the College Department officiated for him.

Examination.

During the year under report 35 candidates were sent up for the Intermediate Examination of whom 25 passed in all subjects. No candidates passed in 1st class in the whole University but the 1st, 2nd, and 3rd places were secured by the City College. In individual subjects too almost all the distinctions and positions of merit were carried away by the students of the City College.

It is gratifying to note that 5 merit scholarships were won by the students of this College.

Literary Union.

The Literary Union conducted a number of instructive debates and discussions during the year under report.

Discipline.

It is pleasing to observe that the good discipline and moral tone have been fully maintained in the College Department. The following gentlemen visited the College and after a careful examination and inspection expressed their satisfaction with all that they saw :—

- (1) Pandit Haridayanath Kunzuru, M.L.A.
- (2) Members of the Simon Subsidiary Committee (Education) comprising :—
 - (a) Sir Philip Hartog (President).
 - (b) Sir Sultan Ahmed Khan.
 - (c) Raja Narendra Nath.
 - (d) Mr. Statham (Secretary).
- (3) Earl Cadogan of the Simon Commission accompanied by Nawab Valiud Dowla Bahadur.

Games, Athletic and Scouting.

In spite of the fact that the City College has no play-ground of its own, the College boys have shown keenness in games and athletics. In the Inter-Collegiate Football Tournament and Sports organised by the H. A. A. the College boys acquitted themselves creditably in the various competitions.

During the year under report batches of Scouts were trained by the College Scout Masters and did useful work at all Scout functions such as the Birthday Rally and the Annual Investiture.

Towards the latter part of the year under report, the University, authorities sanctioned a scheme for the formation of a University Territorial Corps and those students desiring to join the corps were examined in regard to their physical fitness and of the 60 students who applied for admission 37 were declared, after examination, to be physically fit. These students have been regularly attending the training classes under their Military instructors.

Manual instruction.

During the year under report advantage was taken by some 28 students of the College in Slyod's Manual Instruction for which there is a special department attached to the school under the able charge of an expert, Mr. Abdul Jabbar of Mysore.

THE OSMANIA INTERMEDIATE COLLEGE, AURANGABAD.*Staff.*

(1) Mr. Abdul Haq, B.A., remained in charge of the College as Principal till the 28th Mehir 1338 F. when he retired on pension and Mr. Syed Mohiuddin, B.A., Bar.-at-Law, First Assistant Director of Public Instruction was transferred as Principal of the College and took over charge of the institution on the 29th Mehir 1338 Fasli.

(2) Mr. Manzoor Mohamed, lecturer of Urdu and Ethics retired from service during the year and was succeeded by Mr. Ghulam Tayyab, B.A., L.T., an assistant on the staff of the High School.

Strength.

The strength of the College classes during the year under report was 48 as against 44 in the previous year—30 in the Senior and 18 in the Junior Intermediate Classes ; average daily attendance being 48.

Results of the Examination.

For the Intermediate Examination of the Osmania University 14 candidates appeared from this College and 8 or 57·1 per cent. passed—one in the 2nd class and 7 in the 3rd class. It may be noted here that the College work suffered a good deal during the year owing to an outburst of plague in the city which necessitated the closing of the institution for several months.

Laboratory.

A sum of Rs. 20,000 was sanctioned for Science Laboratory (Physics and Chemistry) by the University and a block of four rooms was constructed to serve as a laboratory, and it was fitted up with the necessary apparatus.

Hostel.

There is no separate hostel for the College students ; they are allowed to lodge and board in the High School Hostel. The number of College students staying in the hostel was 7 only.

Special Activities.

The College day was not celebrated during the year on account of plague.

Games.

Arrangements exist in the College for various games and students take part daily in some game or other. During the last week of December 1928 tournaments were held in the College in which several teams competed and as usual shields, cups and medals were awarded to the winning teams.

Scouts.

In Shehrewar 1338 Fasli, the Assistant Director, Boy Scouts inspected the troops of the College which were registered in April 1927. There were two patrols of Scouts and one of Rovers.

Activities.

The college has a debating Society and a Co-operative Credit Society which are doing good work.

Income and Expenditure.

No fees are recovered from the students of the College section.

The total expenditure on the College classes during the year was Rs. 60,783 as against Rs. 45 ' 2 in 1337 Fasli. The details are given below :—

			Rs.

Examination Results.

During the year under review 14 students were sent up for the Intermediate Examination out of whom 7 or 50 0 were successful.

Science apparatus and Library.

At present, as the College has neither a Library nor a Laboratory, the High School Library and Laboratory are being utilised for the College purposes.

Hostels.

There is no separate hostel for the College students, they are at present being accommodated in the High School Hostel.

Games, etc.

As the College has no separate play-ground the play-ground of the High School is being used. No amount has been provided at present for games for the College classes.

Cost.

No fees are recovered from the students of the College. No expenditure was incurred on the salaries of the staff as the College worked with the High School Staff. During the year under report the only expenditure on the College was under the heads Scholarships, Laboratory and Boarding charges which amounted to Rs. 4,391.

THE ZENANA COLLEGE, NAMPALLI, HYDERABAD.

Staff.

1. Miss Amina Pope, M.A., continued as Principal of the College practically throughout the year under report. As she was deputed, on behalf of the Osmania University and the Education Department, to attend the "World Conference of the New Education Fellowship held at Elsinore, Denmark and The All India Teachers' Federation to the World Conference of Educational Associations in Geneva." She left in June 1929 and Miss Gilson, B.A., L.T., discharged the duties of the Principal during her absence.

Though 4 posts were sanctioned for the College Classes, the appointments were made only in the latter half of the College year.

Noorunnisa Begam, B.A., was appointed on Rs. 250-400 on the 11th Azur 1338 Fasli.

Mrs. Muhammad Ali of Tehran was teaching the Persian Classes continuously throughout 1338 Fasli and drew the acting allowance of Naoshaba Khatoon's post till Khurdad 1338 Fasli.

The number on the rolls of the College Classes during the year under report was 11 as against 9 in the previous year, 2 in the Junior B. A. Class 4 in the Senior Intermediate Class ; the average attendance being 10.

Results of Examinations.

For the B. A. Examination of the Osmania University 2 girls appeared but unfortunately none could pass in all the subjects. One passed in English and Ethics, and failed in the History Group. The other passed in Urdu, Persian and Theology but failed in English.

For the Intermediate Examination 3 girls appeared of whom 2 or 66·6 per cent. were successful.

It is gratifying to note that two students of this College namely Ruqayya Begam and Ghousia Begam were awarded European Scholarships and proceeded to England in August last. Ruqayya Begam has joined the Newnham College, Cambridge and is studying for the History Tripos and Diploma in Education. Ghousia Begam is undergoing training in Kindergarten work in London.

The income from fees amounted to Rs. 405 the same as in the previous year.

The total expenditure on the College Classes was Rs. 17,831 as against Rs. 10,142 in 1337 Fasli. The details of expenditure are as follows :—

			Rs.

THE OSMANIA TRAINING COLLEGE, HYDERABAD.

It was during the month of Sherewar 1338 Fasli that sanction was received to open the B. T. Class for the training of graduates, and to affiliate the institution to the Osmania University.

The class was inaugurated on the 1st Aban 1338 Fasli with 10 students on the roll.

In the scheme 3 posts of lecturers were sanctioned. Two of Rs. 350-600, and one of Rs. 250-400, and the following appointments were made.

Mr. Mir Ahmed Ali Khan, Headmaster, Warangal High School and Mr. Malik Sardar Ali, Inspector of Schools, Nizamabad District were appointed to the posts of Rs. 350-600, and Mr. Basantilal Bhargava of the Training College was promoted to the grade of Rs. 250-400 from 200-400.

As the class was opened at the end of the year under report, it is not possible to give details about examinations, expenditure, etc., these will be recorded in the next year's report.

(B) THE MADRAS UNIVERSITY.

THE NIZAM COLLEGE, HYDERABAD-DECCAN.

Staff.

Mr. K. Burnett, M.A. (Oxon.), remained in charge of the institution throughout the year.

Mr. W. Turner, M.A. (Edin.), joined the staff in place of Mr. P. F. Durand who was transferred to the Jagirdars' College as Principal. Mr. Turner besides having high academic qualifications and much experience has the highest Physical Training qualifications.

Management.

I having succeeded Nawab Masood Jung Bahadur as Director of Public Instruction became a Member of the Board of Governors in virtue of my office. During the year under report 3 meetings of the Board were held and papers were circulated on 4 occasions.

Strength.

The number on rolls in the College was 287 as against 299 in 1337 Fasli. The average monthly number on the roll was 296 and the average daily attendance was 250. The college is limited to 300.

Mr. Veerabhadru formerly Additional Professor of English but transferred to the Osmania University College has been replaced by Mr. T. Sriraman, M.A.

Mr. Prakash Rao, M.A., an Assistant in the Darul Uloom High School, has been teaching Logic as a temporary measure on an allowance of Rs. 100 per mensem.

As Mr. S. K. Iyengar, Professor of Economics was transferred on deputation to the Commerce and Industries Department. Mr. Rama Narsa, M.A., has continued to act for him.

Dr. Venkata Ramiah's year of probation as Additional Professor of Physics ended with the administrative year. It was decided not to confirm him.

Courses.

The remodelled B.A. Course involving a return to the old system under which the examination is divided into 3 parts, *i.e.*, Part I English, Part II Second language, and Part III Optional Subjects has come into force.

The B.Sc. Course has also been revised and the new model has been introduced for the present Junior B.Sc. Under this arrangement the students instead of taking all three subjects (Mathematics, Physics and Chemistry) up to the B.A. standard will be able to take one subject as main and two as subsidiary.

Examinations.

The following table shows the results of the Madras University Examination held during the year under report.—

Name of Examination	Appeared	Passed	Percentage
B. A. Hon's Degree (History)	2	*1	50·0
B. A. Hon's (History) Preliminary English	4	4	100·0
M. A. Degree	1
B. Sc. Degree	11	6	54·5
B. A. Degree	34	23	67·6
B. Sc. Part I English	12	6	50·0
Intermediate	76	42	55·5

* The other student was given a pass degree.

As four more students (College and Private) also passed the B.A. The total number of Hyderabad students qualifying for the Madras degree was 35.

Seventeen more students (College and Private) passed the Intermediate bringing the total eligible for a degree course up to 59. Out of the 76 students who sat for the Intermediate Examination, 20 more passed in two parts and 7 in part one only and 7 failed altogether.

The number of firsts in the Intermediate was 4 and of distinctions 14, the corresponding figures last year were 9 and 23.

S. Masood Ahmed Razavi, B.A., won the Haji Budan prize for the best student to qualify for the degree with distinction in Urdu language and literature.

S. M. Kirmani, B.A. stood 6th in the Presidency in English.

K. L. Harava and Ziaul Haq stood first and eighth in the Presidency in Economics and History.

In the open competition for the Hyderabad Civil Service Class the College again did well getting the 1st, 2nd and other places. It also fared well in the competitive entrance examination for the Osmania Engineering College.

Two College students one from the B. A. and one from the Senior Intermediate recently went to Poona to go before a Selection Board for Government Service. Both were put in the first selection list and are now at Delhi.

Library.

Mr. S. Hanumanth Rao assisted by Mr. Ghulam Ahmed continued to be in charge of the College Library. The total number of books is 17,000 and during the year under report 361 books were added to the English Section, and 612 to the Oriental Section. The Government grant for the Library is 4,000 for the purchase of books and journals. The cost of the staff is Rs. 1,752 per annum.

Societies.

The various societies, viz., the Literary Union, Scientific Union, Historical Society, Andra Society, and Urdu Society continued to function as usual. The best of these is the Scientific Union which again arranged a good exhibition. The Historical Society also did some good work.

Social.

1. An informal distribution of prizes took place which was presided over by Mr. Fazl Muhammed Khan, the Director of Public Instruction.

2. In the month of August an appeal was made to the Staff and students to contribute to the Assam Flood Relief Fund. A sum of B.G. Rs. 270 was collected and gratefully acknowledged by Sir E. L. Hammond.

The Co-operative Credit Society open to the Members of the College Staff including the peons continued to function with success.

3. The club which was opened last year for Members of both College and School Staff split up this year into two separate Societies one for College and the other for school. Of the two the school one is the more successful at present.

The total amount collected for the occasion was Rs. 1,700. That the old boys should have contributed no less than Rs. 1,131 and five cups, seems to be good evidence of interest in their old school and College. Many of the subscriptions came from the old boys in the Districts. After defraying all charges there was a balance of Rs. 700 which was utilised to strengthen the Primary School athletic funds. With the rest it is proposed to buy an Inter-House Challenge Cup for the best house in the School (points being scored not only in Athletic but by attendance) and an Inter-Class Challenge Cup for a similar competition among the College students.

Physical Training.

The arrangement under which a man was to be sent for training in Physical Education in the Physical Training School at Madras fell through. Meanwhile it was arranged that the College should get the benefit of the part time services of Mr. F. Weber who has been appointed by Government to assist all the Collegiate Institutions in Hyderabad.

Games.

Cricket continued to be the most popular game and considering the loss of two or three old colours who could reasonably have been expected to be in residence, the season was fairly successful. In the final tie of the Inter-College tournament, the College won by a single innings. The College also won two more of the 4 departmental competitions, viz., the Hockey and the Athletic Sports but lost the Football.

Medical Inspection.

Dr. Gay, M.B. Ch.B., (Edin.) conducted the Medical Inspection of the College. The percentage of students without any defect of any kind worth reporting to fathers and guardians was 56 which is slightly better than in the previous year. The results of this year's inspection seem to confirm the conclusion reached last year that what is most required is Medical Inspection in the school stage.

Hostel.

There were 35 students on the roll, 18 being Mohammedans and 17 Hindus. On the whole the Hostel has been working satisfactorily under the supervision of Mr. S. Hanumanth Rao.

College Inspection.

The actual inspection of the College took place in 1337 Fasli. The general report of the University Inspection Committee was published several months back but the detailed report on the Nizam College has not been received as yet.

INCOME AND EXPENDITURE.

Fees.

The amount collected in fees was O.S. Rs. 8,208 as against Rs. 8,257 in 1337 F.

Expenditure.

The total expenditure on the College amounted to Rs. 1,91,736 as against Rs. 1,92,152 in the previous year. The following are the items of expenditure :—

			Rs.
Salaries of the teaching staff	1,36,909
do clerks and servants	21,115
Contingencies	966
Furniture	540
Scholarships	9,469
Gymnastic Instruction	836
Library	3,991
Laboratory	5,958
Boarding Charges	7,664
Other Miscellaneous charges	4,288
Total ..			1,91,736

Cost.

The cost per pupil comes to Rs. 434-12-10 as against Rs. 466-9-3 in the previous year.

CHAPTER V.

SECONDARY EDUCATION.

A. *High Schools.*

The number of High Schools in the Dominions, during the year under report was 44 as against 45 in the previous year, and the number of scholars 17,746 as against 17,057 in 1337 Fasli. It is gratifying that in spite of a decrease of one school, the strength has gone up by 689 pupils.

The following table compares the number and strength of English and Osmania High Schools for the years 1337 and 1338 Fasli.

Grades of Schools	1337 F.		1338 Fasli		VARIATION	
	Schools	Scholars	Schools	Scholars	Schools	Scholars
1. English High Schools ..	23	8,332	24	9,533	+ 1	+ 1,201
2. Osmania High Schools ..	22	8,725	20	8,213	— 2	— 512
Total ..	45	17,057	44	17,746	— 1	+ 689

1. *High Schools, with English as medium of instruction.*

There has been an increase of 1 school and 1,201 scholars under this head. The increase is due to the fact that the Madrasa-i-Mufidul Anam, Aetbar Chowk, which was an ai el Osmania High School all along, has been recognised by the H. S. L. C. Board as an English High School.

Of the 24 High Schools, 18 prepare pupils for the examination conducted by the H. S. L. C. Board and the remaining 6 for the Local Cambridge Examination. The City, Warangal and Zenana (English) High Schools have parallel classes for the Matriculation examination of the Osmania University and H. S. L. C. Classes. Of the 9,533 pupils on the rolls of these High Schools 2,248 are in the High, 3,150 in the Middle and 4,135 in the primary sections as against 1,799, 2,946 and 3,587 respectively in 1337 Fasli.

The following tables compare the number of pupils on the rolls, the fee income, and the total expenditure in the English High Schools for the years 1337 and 1338 Fasli, and in the case of Aided High Schools the grants-in-aid awarded to them by the Department :—

Fees.

The income from fees during the year under report amounted to Rs. 65,948 in Government Schools as against Rs. 55,333 in the previous year. Rs. 1,06,529 in Aided Schools as against Rs. 92,651 and Rs. 2,021 in Recognised unaided schools as against Rs. 1,739. The fees collected in Government Schools were credited to the Government Treasury and those received in Aided and Unaided Schools were as usual, utilised by the Managers of those institutions for the maintenance of schools.

Expenditure.

The total expenditure on Government Schools during the year under report amounted to Rs. 4,84,222 as against Rs. 4,70,642 in 1337 Fasli; on Aided Schools to Rs. 2,49,332 as against 2,23,209 and on Recognised unaided schools to Rs. 30,639 as against Rs. 28,788. Government granted an aid of Rs. 63,807 to aided schools as against Rs. 54,169 in the previous year, the balance being met from fees, Imperial grants and subscriptions, etc.

Of the aided and unaided schools, all those that are situated in the administered area are in receipt of grants-in-aid from the Imperial Government also.

Cost.

The cost per pupil to Government comes to Rs. 112-1-8 in Government Schools, Rs. 13-13-9 in Aided Schools, the average attendances being 3,477 and 4,604 respectively. The cost per pupil to the Committee of management in Aided and Recognised Unaided Schools comes to Rs. 41-3-7 and Rs. 52-3-8 respectively.

Results of Examination.

The following table shows the examination results of all the Government and Recognised schools in the High School Leaving Certificate Examination held during the year under report.

There has been a slight decrease in the number of successful candidates during the year under report compared with that of last year.

It is however gratifying to note that with the exception of Warangal and Hyderabad, the examination results of all the Government English High Schools were quite satisfactory. There has been a slight improvement in the results of Recognised Schools during the year.

The following table shows the results of the Local Cambridge & other Examinations held during the year 1929 -1938 Fash.

From the above table it will be seen that the results shown by all the schools are satisfactory particularly those of the Mahbubia Girls' School for which the Principal and her staff deserve great credit.

2. *Osmania High Schools with Urdu as medium of instruction.*

There has been a decrease of 2 schools and 512 scholars in the number of Osmania High Schools during the year under report. The decrease is due to the fact that the Mufidul Anam High School was recognised by the H. S. L. C. Board as an aided English High School and so it was removed from the list of Osmania High Schools. Madrasa-i-Hind Wastania though recognised as an aided High School in 1337 Fasli was again reduced to the grade of a Middle School as it was not working properly. Thus there were 20 Osmania High Schools with 8,213 scholars as against 22 schools and 8,725 scholars in 1337 Fasli. (18 Government, 1 Sarf-i-Khas and 1 Aided).

Of the 8,213 scholars on the rolls of Osmania High Schools 1,442 are reading in the High, 3,060 in the Middle, and 3,711 in the Primary Sections as against 1,360, 3,442 and 3,923 respectively in 1337 Fasli.

Besides the above (20 Osmania High Schools) Government Middle Schools at Adilabad, Jagtial and Nizamabad were permitted to open Osmania Matric. Classes and can therefore be considered as incomplete High Schools.

Provision has also been made in some of the Government High Schools for the teaching of Theology and the students appear for the Osmania University Matriculation Examination in Theology.

The following table compares the number of pupils on the rolls, the fee income and the total expenditure in the Osmania High Schools for the years 1337 and 1338 Fasli, and in the case of Aided Schools the grants-in-aid awarded to them by the Department :—

On the whole the results of the Osmania University Matriculation Examination (both in the Faculty of Arts and Theology) were unsatisfactory during the year under report.

The results of the City, Darul Uloom, Nampalli, Bidar, Adilabad, Aurangabad, and Osmanabad High Schools were satisfactory while those of all other High Schools were disappointing.

B. Middle Schools.

The following table compares the number and strength of the Middle Schools in the Dominions during the year under different agencies with those of the previous year :—

Recognised Unaided ..	5	606	7	826	+	220
Total ..	109	27,299	117	29,352	+	2,053

Schools for Boys.

The increase of one school and 292 scholars under the Government Agency is due to the fact that the Upper Primary School at Shafipur in the Aurangabad District was raised to the grade of a Middle School. The increase of one school and 398 scholars under the aided agency is to be accounted for by the fact that the Madrasa-i-Hind Vastania at Charmahal which was recognised as an aided High School in 1337 Fasli has again been classed as an

aided Middle School, as the same was not working properly. Under the unaided agency the increase of 3 schools and 281 scholars is due to the recognition of Primary Schools at Yellandu managed by the Methodist Episcopal Mission, at Bidar also by the Mission and at Parbhani in the Jagir of Maharaja Sir Kishen Pershad, Yammus Saltanat Bahadur in the Parbhani District. Thus there has been an increase of 5 schools and 1,602 scholars under Boys' schools.

Schools for girls.

The increase of two schools and 374 scholars under the Government Agency is due to the fact that the Mairasa-i-Niswan (Primary School) at Shahabunda was raised to the grade of a Middle School.

The Government Canarese Training School at Gulbarga for women teachers which had only a practising section was during the year classed as a Middle School (incomplete).

The decrease of one school and 143 scholars under the Aided Agency is due to shifting of the Wesleyan Mission Girls' Normal School, Secunderabad to special schools as it has training classes attached to it.

The increase of 2 schools and 220 scholars under the unaided agency is to be accounted for by the fact that the St. Francis Native Convent School at Secunderabad and the Mission School for girls at Bidar were recognised during the year as Middle Schools. Thus there has been an increase of 3 schools and 432 scholars under girls schools.

Fees.

The following table compares the income from fees during the year in the Middle Schools under the different agencies with that of the previous year :—

Agency				1937 F.	1938 F.	Variation	
<i>Boys.</i>							
Government	26,632	23,003	—	3,629

Aided	3,363	3,242	—	121
Recognised Unaided	595	611	—	16
Total				44,631	45,210	—	579

Out of the total sum of Rs. 45,210 received from fees, Rs. 25,872 were credited to the Government Treasury, and the remaining sum of Rs. 19,338 collected by the Managers of Aided and Unaided Schools was utilised by them towards the maintenance of their schools :—

Expenditure.

The following table compares the expenditure on Middle Schools under the different agencies during the year 1338 Fasli with that of the previous year :—

It will be seen from the above table that there has been an increase in the expenditure on all kinds of schools under different agencies.

From the above table it will be seen that there has been an increase of 11 schools and 6,766 scholars during the year under report.

The following are some of the important steps taken by the Department during the year under report with reference to Primary Education.

- (a) 2 Shahi Girls' Schools were newly opened.
- (b) 2 Shahi Boys' Schools were converted into Model Schools.
- (c) 15 Shahi Schools for boys and girls were converted into Local Fund Schools.
- (d) 4 Shahi Branch Schools were abolished and the savings were utilized for other flourishing schools.
- (e) 1 Practising school attached to the Government Normal School, Aurangabad, was separated and classed under Primary Schools.
- (f) 1 Local Fund School in the Atrai-Balda District and another at Secunderabad in the administered area were newly opened.
- (g) 3 Experimental Schools were opened.
- (h) 2 Experimental Schools were abolished as they were not working properly.
- (i) 2 Aided Primary Schools which had been closed for some time were again opened.
- (j) 2 Aided Primary Schools were transferred to the Head Special Religious Schools owing to the nature of education imparted in them.

- (k) The grant-in-aid to a boy's school was transferred to a girl's school as the former was not working satisfactorily.
- (l) 12 Aided girls schools were abolished.
- (m) 10 schools were given grants-in-aid.
- (n) 5 Court of Wards Schools were removed from the list of unaided schools.
- (o) 6 (5 for boys and 1 for girls) aided by the Ecclesiastical Department were added to the list of Recognised unaided schools.
- (p) 7 unaided schools were abolished.
- (q) 25 Private schools for boys and girls were recognised by the Department and added to the list of unaided schools.

A number of schemes for the opening of new Local Fund Schools in the Atrai-i-Balda District submitted to the Sarf-i-Khas authorities have been awaiting the sanction of the Chairman, Local Fund Committee of the Sarf-i-Khas.

The following table compares the income in the Primary Schools for the years 1337 and 1338 Fasli:—

Agency				1337 F.	1338 F.	Variation

It will be seen from the above table that there has been an increase of Rs. 63,181 in the total expenditure on Primary Schools during the year under report, which is mostly due to the yearly increments in the salaries of teachers.

The Special Upper Primary Examination for boys has been abolished, only the girls are permitted to appear for this Examination. Please see Chapter on education of women for the results of the examination.

School-masters as Post-masters.

256 Head-masters as against 217 in 1337 F. continued to work as Post-masters and received the usual fixed allowances for the extra work done.

CHAPTER VII.

WOMENS' EDUCATION.

Number of Schools and Scholars.

During the year under report there were 693 girls' schools of all grades with a strength of 40,515 as against 696 girls' schools with a strength of 38,758 in 1337 Fasli. It is gratifying to note that in spite of a decrease of 3 schools, there has been an increase of 1,757 in the number of pupils. The decrease in the number of schools took place in the aided agency. The total expenditure on the education of women was Rs. 7,35,062 as against Rs. 6,97,373. Income was Rs. 53,990 as against Rs. 51,707.

The percentage of girls at school to total girls population of school-going age was 4.3 per cent. as against 4.2 in the previous year.

B. Miss Chatupadia, B.A., having passed the L. T. Examination joined duty on her return from Madras where she had been on study leave.

Results of the Public Examination.

The school prepares girls both for the Osmania Matriculation and the H. S. L. C. Examination. Two girls appeared for the H. S. L. C. Examination and both passed. In the Middle Section 11 appeared for the Government Middle School Examination and 5 passed. Pupils were also sent up for the Drawing Examination of the J. J. School of Art, Bombay; of the two that appeared for the Intermediate Drawing Examination, one came out successful and of 8 that appeared for the Elementary Examination 3 passed.

Prize distribution.

The prize distribution was held in the Town Hall and the prizes were given away by Lady Hydari.

Prizes secured in the Exhibition by school pupils.

In the exhibition of arts and crafts held in the Town Hall during the year, the school received two first class prizes and 5 second class prizes for needle work.

The exhibition held in the City College in June last in connection with the Teachers' Conference, awarded two first class prizes, one second class prize and 3 certificates for painting and drawing; two first class, 2 second class prizes for the needle work and 4 certificates.

The school has received a certificate of merit, as the work exhibited by it, had received the largest number of prizes amongst all the schools that competed.

Girls' Guide.

The company of girl guides numbers 46 and the Principal reports that the girls are most enthusiastic about the work which has been ably conducted by their guide captain, Mrs. Abdul Jabbar, B.A., B.T.

The 1st Aid classes.

The First Aid Classes were regularly attended. Dr. Khairunnissa Begam, an old student of the school, took the classes.

Cooking class.

During the year under report arrangements have been made for teaching of cooking to the girls by the appointment of Shumsunnisa Begam Sahiba on Rs. 150+50 carriage allowance. Excellent work is being done in the cooking classes under the able guidance of Shumsunnisa Begam Sahiba. About 35 girls are receiving instructions in cooking.

CHAPTER VIII.

RELIGIOUS, MORAL AND PHYSICAL EDUCATION AND THE BOY SCOUT MOVEMENT.

(A) *Religious and Moral Instruction.*

Religious and Moral instruction continued to be imparted in all the schools as usual. The teaching of this is generally entrusted to teachers who are well qualified to impart such instruction.

Two posts were sanctioned during the year :—

- (a) One post of Rs. 150 to 200 for the Government Chadarghat High School to teach Ethics to Non-Hanafi Pupils. Mr. Nurul Hasan, B.A., B.T., was appointed to it.
- (b) One post of Rs. 75-100 for the Zenana High School, Nainpalli, for the teaching of "Qirat." Fatenia Begam was appointed to it.

(B) *Physical Education.*

The total amount spent on this head during the year under report was Rs. 87,516 as against Rs. 66,044 in 1337 Fasli. Towards this amount Government contributed Rs. 75,632, the Sarf-i-Khas authorities Rs. 2,052 and the managers of Recognised Aided and Unaided Schools Rs. 9,832.

Play-grounds.

The need for adequate play-grounds for schools still continues, and requires the sympathetic consideration of Government. Unless every school is provided with a play-ground, neither can the physique of the boys be improved nor the standard of games raised.

Physical Apparatus.

The grant of Rs. 1,000 provided in the budget does not satisfy the needs of the large number of Secondary Schools. Many schools are still in need of Physical Apparatus.

The measuring stands supplied from this year provision have fulfilled an urgent need of the schools. The correct measurements of school pupils are very important from an educational point of view.

Games Fees Grants.

Rs. 4,500 provided in the budget as grant for games, were distributed amongst the schools.

Inspection of Schools.

Mr. S. M. Hadi, B.A., (Cantab.), worked as Chief Inspector of Physical Education up to the 10th Ardibehisht 1338 Fasli. When Mr. S. M. Hadi's services were lent to the Court of Wards Department for 7 months to enable him to accompany the sons of Nawab Surayya Jung Bahadur to Europe, Mr. Syed Ali Akbar, the Divisional Inspector of Schools, Balda, discharged the duties of the Chief Inspector of Physical Education in addition to his own duties during his absence.

The inspections of Hyderabad City Schools disclose that the Physical Education has improved considerably and the Drill Masters are following the instructions given by the Chief Inspector from time to time. The circular issued by the Head Office, regarding the compulsory introduction of games and drill, etc., in schools has had a good effect in general and the Head-masters are taking more interest in the Physical Education and are encouraging the Drill-masters to carry on their duties in a satisfactory manner. The old type of Military trained Drill-masters are gradually being replaced by literate and qualified men. An attempt is being made to induce young Middle passed men to accept Drill-master's jobs. The 8 Drill-masters appointed during the year in the different subahs are working satisfactorily.

The Hyderabad Athletic Association.

The Honorary Secretary, Hyderabad Athletic Association, says in his report that the Association did good work during the year and ran all its tournaments and sports very successfully before Mr. Hadi left for England.

The Departmental Football Tournaments were held in the month of September in which 45 teams belonging to 21 institutions competed as against 36 teams from 18 institutions in the previous year. This increase of 9 teams and 3 institutions is due to the starting of a separate tournament for Middle School boys below 5 feet. All the section secretaries conducted the various tournaments in a most efficient manner.

Thanks are due to Mr. K. Burnett, Principal, Nizam College, for having allowed the association the use of the College play-ground for the tournament.

The following teams were successful :—

- (1) College Section—Osmania College.
- (2) High School Section—Government Chadarghat High School.
- (3) Middle School Section—(a) Residency Middle School.
Do (b) Govt. High School, Chadarghat.
- (4) Primary Section—(a) Government High School, Chadarghat.
Do (b) All Saints' High School.

Cricket.

The institution of a Cricket Tournament last year had powerfully helped the association in arousing interest in Cricket among school boys. Ten institutions competed for the shield this year as against 8 in 1337 F. and the event proved a great success. The City College team won the trophy after a keen struggle.

Athletic Sports.

The Annual Sports which had to be cancelled last year owing to the outbreak of plague were held during the year in January 1929 on the Fateh Maidan grounds by special permission of H.E.H. the Nizam. There has been an increase of 5 institutions and 128 competitors over last year's figures. The total number of competitors was 782 from 21 institutions. Many of the previous records were beaten this year which is a sign of gradual improvement.

Hockey.

The Inter-College and Inter-School Hockey Tournaments were held in February, which were won by the Nizam College and the City College respectively.

During the year under report a Sub-committee consisting of Rev. G. E. Brown and Messrs. S. M. Azam and S. Ali Akbar was appointed to revise the rules of the association.

(C) Hyderabad Boy Scouts.

Mr. S. M. Hadi, B.A., (Cantab.) continued to be the Director of Boy Scouts till the 10th Ardibehishth 1338 Fasli. During his absence on deputation to Europe, Mr. Syed Ali Akbar, Divisional Inspector of Schools, Balda, acted as the Director.

Strength.

The Director reports that the present strength of the troops is 22 Scout and Rover troops belonging to the Balda and 21 Scout and Rover troops in the Districts that is to say in all 1,021 scouts and rovers, 66 officers and 134 recruits. It is gratifying to note that there has been a satisfactory increase in strength.

Expenditure.

On the Boy Scout movement Rs. 22,411 were spent during the year under report as against Rs. 22,108 in 1337 Fasli. This amount consists of the salaries, allowances, rent, contingencies and other miscellaneous items as Scout requisites, stores, badges, etc.

Progress.

The progress which was noted in the last year's report has been steadily maintained. The aim of the head-quarters has been to consolidate the movement and to make the existing troops as efficient as possible. Owing to the postponement of the Scouters' training camp for want of qualified applicants, only 5 new troops were started in Balda. In the Districts ten troops were organised and registered at the head-quarters. In order to increase the efficiency of the Balda troops special classes were arranged to train Scouts in first class subjects and in proficiency badge tests. As a result of this training a number of Scouts gained a thorough knowledge in most of the useful subjects and secured first class and proficiency badges.

An Executive Committee was sanctioned by Government and it is hoped that the Dominion Council also will come into being very shortly.

Activities.

Three meetings were held at the head-quarters in order to encourage Scouters to take up some kind of scout work or other, in accordance with promise made by them at the time of their training.

In order to increase co-operation between the Head Quarters and the Scout-masters and to instil the right spirit for running the troops, occasional meetings were held, which were well attended.

A Scout-master's association was also formed to create a greater spirit of brotherhood and co-operation among the Scout-masters themselves which will help to form a healthy link for bettering the harmonious relations between the head-quarters and the Scout troops.

An efficiency tournament was held in which most of the important scout subjects of the 1st class course formed an important part. The Residency

School troop stood first in the all round efficiency test and are thus the winners of the Rolling Trophies opened for the purpose.

Inter-troop hikes (a day's outing) were held in which a good number of troops took part. A very successful inter-troop meeting of the troops working in the Chadarghat area was held at the Kachiguda Middle School presided over by Mr. S. Ali Akbar. The principles of the Scout movement were fully explained and prizes were awarded to scouts who came out successful in the different competitions that were held on the occasion.

Inter-troop rallies.

(a) H.E.H. the Nizam's Birthday Scout Rally was held in the Nizam College compound when scout sports were held.

(b) Camp-fire and fancy dress competition was held in the Vivek Vardhani High School compound and was very interesting.

(c) A refresher camp was held in the Winter Vacation at Umdanagar where a good number of the active scouters spent 3 days revising their courses.

(d) A training camp was held in the month of Aban at Golconda and it was a complete success.

(e) The Scouts lined the route and cheered H.E.H. the Nizam when he returned from Delhi and Calcutta.

(f) In the summer vacation a special class for the training in the first class scout subjects was conducted by both the Assistant Directors.

(g) Special classes were opened for training the Scouts in Astronomy, Fire Brigade and Public healthman courses with the help of Experts in the Department by giving a series of lectures in those subjects in addition to their other duties.

(h) The scout day was celebrated as usual in the Nizam College grounds and the Scout promise renewed.

(i) A cycle trip to Ceylon and back was organised by Mr. T. N. Sivan and a few other Scouters. Cycle trips to Gadwal and Bhongir by the 4th Rovers and the Hikes on foot from Mahboobnagar to Gadwal and back by the 1st Rovers. All these scouters, rovers, and scouts deserve congratulations.

The head-quarters "Scouter" in which instructions to scouters and news regarding scouting were given from time to time, was published regularly during the year.

The first Hyderabad Rovers have begun publishing an Urdu manuscript monthly which is interesting and appears to have a promising future.

Signalling in Urdu and Telugu languages is being practised by some troops. The "good turn" which forms the backbone of the scout movement is receiving more and more attention and some very creditable good turns were done by the troops for which they received praise from both the public and the police.

Inspection of Troops.

The annual inspection of troops was conducted in the months of Mehir and Aban. The Acting Director visited a few schools at head-quarters and the inspection of District troops were entirely done by the Assistants, Mr. Ali Moose Raza and Mr. Varanasi.

Registration.

Scouting in the districts is growing rapidly and several new troops were registered during the year and it is expected that many more will apply for registration soon.

Scout troops have been started at Kamareddy, Manthani, Raichur, Hingoli, Sadashivpeth, Suryapet, Osmanabad, Bidar, Nizamabad and Vijapur and will be registered before the close of the year.

Both the permanent and Acting Director of Boy Scout and the Assistants deserve praise for the keen interest they have taken in the advancement of the movement.

CHAPTER IX.

TRAINING COLLEGE, HYDERABAD.

Mr. Hafizullah, B.A., B.T., remained in charge of the Institution throughout the year under report. As during the previous years, the training was given for one year to the Matriculates and Middle Passed Teachers.

Classes and Numbers on rolls and attendance.

During the year under report 10 Intermediates, 20 Matriculates and 77 Middle Passed Teachers were admitted for the Teachers' Diploma, Secondary Teachers' Certificate and Higher Elementary Teachers' Certificate Classes respectively. Owing to poor health, a few teachers had to return to their respective schools before completing the course.

Results of Examinations.

For the Teachers' Diploma Examination 24 candidates appeared (12 for the Theory and 12 for Practice) of whom 23 passed; (11 in Theory and 12 in Practice)—one candidate passed in the 1st class 19 in the 2nd class and 3 in the 3rd class. For the Secondary Teachers' Certificate Examination 38 candidates appeared (19 for Theory and 19 for Practice) of whom 35 passed (16 in Theory—19 in Practice). One candidate secured First Class; 23 Second Class and 11 Third Class. One candidate appeared privately and failed.

For Higher Elementary Teachers' Certificate Examination, 63 Middle Passed Teachers were sent up of whom 52 passed in all the subjects. 10 passed in all subjects except one. (One passed in the First Class, 36 in the Second Class and 15 in the Third Class). 14 candidates appeared privately of whom 6 passed. The results of all the examinations can be considered satisfactory and for this credit is due to the Principal and the Members of his Staff.

Art and Educational Manual Training.

Besides drawing, blackboard and pencil including model, animal and plant, there is a section for educational hand-work, book-binding and wood-work. The object of including these subjects is not to make teachers experts in these subjects or mechanics, but to train the hand and the eye which has an educational value. It is expected that this will also equip the teachers with the necessary training to conduct manual training classes in their schools.

Physical Education.

It is compulsory for all Middle Passed Teachers to take part in sports and games of all kinds one hour every day after class work under the guidance of the Physical Instructor and other teachers. The Physical measurements of all teachers are conducted twice a year once immediately after their admission and then before they leave the institution. Permanent records of these measurements are kept. Mr. F. Weber, the newly appointed Physical Director conducts classes for the benefit of Matriculates and Intermediate Teachers twice a week after College hours.

* Mr. S. M. Hadi, the Boy Scouts' Director has proposed to inaugurate a class of selected teachers for a course of training for Scout-masters.

Hostels.

There are two hostels attached to the College, one for Hindus and the other for Muslims with a strength of 18 and 27 respectively.

(B) INDUSTRIAL AND VOCATIONAL SCHOOLS

As usual, Industrial Schools remained under the control of this Department. During the year under review the Secretary to the Department of Industries and Commerce raised the question of the transfer of control from this Department to his Department. The Director of Public Instruction agreed to the proposal and it was submitted to the Government for approval and sanction.

In previous years some Industrial Schools gave literary education also to the pupils in those schools. Such schools have this year been classed as Vocational Schools. The number of Industrial Schools therefore during the year under report remained 3 with a strength of 378 on the rolls on the 30th Aban 1338 Fasli. Of these 1 is (Government) Shahi, 1 Local Fund, and 1 Aided School. No fees are recovered from pupils studying in these schools. The total expenditure amounted to Rs. 27,126. Rs. 15,996 were spent on Government schools, Rs. 9,002 on Local Fund Schools and Rs. 2,128 on Aided Schools for which Government contributed Rs. 2,100 and the balance met from subscriptions and donations, etc.

INDUSTRIAL SCHOOLS.

The Aurangabad Industrial School.

Mr. Mahmood Ali remained in charge of the Institution as Superintendent throughout the year.

Strength and Attendance.

The number on the rolls increased from 121 in 1337 Fasli to 163. Carpentry, blacksmithy, coppersmithy, weaving, cloth weaving, pottery, polish and cane-work are the arts taught in the school.

Income and Expenditure.

No fees are charged from the boys receiving instruction in this school. The proceeds from the sale of articles manufactured in the school amounted to Rs. 1,703 and were utilised for the purchase of fresh raw material. The total expenditure including scholarships paid to the students amounted to Rs. 18,315 as against Rs. 16,604 in 1337 Fasli. This sum includes Rs. 2,908 the salary of the Superintendent which was met from the Local Funds.

During the year under report, the Princes, H. E. the Maharajah Sir Kishen Pershad Bahadur, President, Executive Council and Mr. Collins, the Secretary to Government, Industries and Commerce Department paid a visit to the school and were very much pleased to see the articles manufactured in the school.

The Nizamabad Industrial School.

Mr. S. W. Kelkar remained in charge of the school as Superintendent till the 24th Farwardi 1338 Fasli. When he retired from service, Mr. Mahmood Ali succeeded him and remained in charge of the school for the remaining part of the year, i.e., 7 months and 5 days.

The number on rolls during the year under report was 101 as against 81 in the previous year. As Plague broke out in the town, the school had to be closed for nearly 2 months, and this caused a great dislocation of work.

The school imparts instruction in carpentry, blacksmithy, coppersmithy, carpet-weaving, cane-work and cloth weaving. The cloth weaving, which was introduced last year has become popular and shows signs of progress. Drawing also was taught in the school.

No fees are recovered from the pupils receiving instruction in this school; the expenses are met entirely from the Local Funds. The total expenditure including scholarships to students amounted to Rs. 10,650 as against Rs. 10,550 in 1338 Fasli. This sum includes Rs. 2,245 being the salary of the Superintendent which was met from Shahi funds. Rs. 78,980 on Government schools, Rs. 14,307 on Local Fund Schools, Rs. 5,641 on Aided and Unaided Schools for which Government contributed Rs. 840, and the balance was met from subscriptions, etc.

1. *The Osmania Central Technical Institute (Mint), Hyderabad.*

The number of students on the rolls of this institution during the year under report was 345 as against 321 in 1337 Fasli.

The school continued to work under the Mint Master throughout the year. The medium of instruction in this institution is Urdu.

The school continued to be held in a rented bungalow with the same inconvenience for lack of accommodation. The new building recommended in 1337 Fasli is expected to be completed in about six months time.

Of the two additional graduate teachers appointed in the previous year, one was reverted to the Educational Department and a M. Sc., was taken temporarily on probation in his place. On the practical side of the teaching staff, in addition to the four England returned Indian instructors, a Professor of Mechanical Engineering was appointed during the year. Out of the 4 instructors one has been transferred to the Engineering College permanently and another was sent to England to take his B. Sc. degree.

Four examinations in all were held during the year, the results obtained were very satisfactory. Of the 259 boys undergoing preparatory training 256 appeared for the annual examination of whom 130 passed. A sixth year apprentice class was also opened during the year.

Expenditure.

The total expenditure on this institution during the year under report under all heads amounted to Rs. 1,22,968 as against Rs. 1,34,258 in 1337 Fasli.

5. *Special Primary School at Bidar.*

At Bidar there was a separate Industrial School but as it did not work satisfactorily, it was deemed advisable to amalgamate it with the local Primary School there. This school after amalgamation is located in an old historical building "Madrasa-i-Mahmood Gavan". There are two types of pupils in this school—one type undergoes literary instruction for 4 hours in the morning and Vocational Instruction for two hours in the afternoon. The other type receives vocational instruction for 4 hours in the morning and literary education for 2 hours in the afternoon. The two sections work side by side. Recently arrangements have been made to impart Vocational Instruction to the students of the Middle Standard of the High School also. Bidri work, cane-work, book-binding, clay modelling, and carpentry are taught in the school.

The number of pupils attending the Vocational Classes was 410 as against 117 in 1337 Fasli. The expenses of the school are met both from Shahi and Local Funds.

The total expenditure in Vocational classes including scholarships amounted to Rs. 12,882 as against Rs. 3,716 in the previous year. The proceeds from the sale of articles prepared in the school brought in Rs. 985 as against Rs. 405 in 1337 Fasli, which was utilised for the purchase of raw materials.

6. *The Victoria Memorial Orphanage, Saroonagar.*

The Orphanage works under the supervision of a Committee of which Nawab Sir Nizam Jung Bahadur, Kt., C. I. E., O. B. E., is Secretary and the Honourable the Resident is the President.

Male Section.

The number of boys on the rolls of this orphanage during the year under report was 69 as against 103 in 1337 Fasli. Cane-work, carpentry, lace-work are taught in the school as vocations.

Female Section.

During the year under report there were 183 girls on the rolls as against 193 in 1337 Fasli. Kasida, karchob, drawn thread work, embroidery, palmirah leaf mats and basket-making are the subjects taught in the school.

The total expenditure on both the sections amounted to Rs. 49,964 as against Rs. 52,950 in the previous year.

During the year under report many of the grown up boys left the institution having secured employment, and the grown up girls who got married were sent away from the orphanage.

In addition to the above schools, Vocational instruction is also imparted side by side with literary instruction in the following High, Middle and Primary Schools :—

1. Nampalli High School.
2. Asafia High School, Malakpet.
3. Middle School, Goshamahall.

4. The income from fees amounted to Rs. 3,036 as against Rs. 2,481 in 1337 Fasli. The total expenditure during the year amounted to Rs. 37,839 as against Rs. 35,679 in the previous year. On the Hostel attached to this school Rs. 566 were spent and on scholarships paid to the students Rs. 1,280.

The students of this school as usual attended lectures delivered in the Mint Workshop on Mechanical Engineering with satisfactory results.

An Engineering College affiliated to the Osmania University was opened during the end of the year and the school will shortly be amalgamated with the College.

(E) THE LAW CLASS.

There is only one Law Class at Hyderabad which is under the direct control of the High Court. The total number of scholars was 123 as against 133 in the previous year.

36 candidates appeared for the First Grade Pleaders' Test Examination of whom 2 passed in both groups, 13 in group one, and 1 in group two.

3 candidates appeared for the Second Grade Pleaders' Test Examination of whom 2 passed in group one.

877 candidates appeared for the Third Grade Pleaders' Test Examination of whom 91 passed.

The income from fees amounted to Rs. 3,748 as against Rs. 4,269 in 1337 Fasli and the total expenditure was Rs. 10,907 as against Rs. 15,311 in the previous year.

(F) SCHOOLS IN THE MILITARY AREA.

There were as in the previous year 7 schools in the Military Area with 487 scholars as against 489 in 1337 Fasli. They follow the curriculum prescribed by the Department and are visited by the members of Departmental inspecting staff.

No fees are levied in these schools and the teaching work is generally entrusted to literate soldiers and non-commissioned officers of the different Regiments. These schools work under the direct supervision of Nawab Mumtaz Yarud Dowlah Bahadur. All these are Primary Schools maintained by the Military Department for the sons of soldiers.

(G) ADULT EDUCATION.

It is gratifying to observe that the importance of adult education is being gradually realised by the public of Hyderabad. During the year under report there were 7 Adult Schools in the city of Hyderabad as against 4 in the previous year with a strength of 254 as against 129 in 1337 Fasli. The increase of 3 schools under this head was due to the fact that during the year the schools at Baraq Jung Musjid, Madina Musjid and Musjid Salar Jung were recognised as Unaided Adult Schools. Of the seven such schools situated in the Hyderabad City 3 are aided and the rest are unaided recognised schools. The aided schools are Bazar-i-Ghansi, Anwarul Uloom, and Yaminul Adab schools, the first named schools receiving Rs. 15 per mensem and the remaining two schools Rs. 20 each per mensem as grants-in-aid. The Yaminul Adab School is purely a secular institution and has Telugu, Hindi and Marathi classes besides an Urdu class. The other schools teach not only the 3 R's but also impart instruction in the Muslim Religion. All the schools are held in the evening. The teachers of the aided adult schools are generally members of the staffs of boys' schools who are paid a small allowance for the extra work done by them in the evening.

No fees are levied in these schools and the total expenditure during the year was Rs. 3,890 as against Rs. 932 in the previous year. Of the total Expenditure Rs. 660 were contributed by Government and the balance was met from subscriptions and donations.

The Divisional Inspector, Hyderabad Division, in his report for the year 1338 Fasli writes that the importance of the Adult Education is being gradually realised by the public of Hyderabad. It is a pity that the people of the districts are not yet alive to the value of adult education.

(H) RELIGIOUS SCHOOLS.

The number of Religious Institutions during the year under report was 19 as against 21 in the previous year and the strength was 859 as against 918 in 1337 Fasli. There has thus been a decrease of 2 schools and 59 scholars which is due to the fact that the aided Islamiah Schools at Raichur and Ikali (Jalna) were closed in the beginning of the year by the managers as they could not maintain them satisfactorily. Of the 19 Religious Schools, 14 are Islamiah (5 Government and 9 Aided) and 5 aided Sanskrit and Vedic.

In all these schools literary instruction is given up to the IV Standard in Urdu side by side with religious instruction.

In the Nizamiah School at Shibliganj, Hyderabad, higher education up to the Kamil Class is given. This school is in receipt of a grant-in-aid of Rs. 30,000 from Government and has a boarding house attached to it. Annual examinations are held by the school authorities and promotions are given according to the results.

No fees are recovered from pupils studying in these schools, but the aided Islamiah School at Nawabpura, in the Aurangabad District, collects fees to meet the expenses of the school and the amount so collected was Rs. 86 during the year as against Rs. 107 in the previous year.

The total expenditure on religious schools amounted to Rs. 44,194 as against Rs. 36,087 in 1337 Fasli. Towards this amount Government contributed Rs. 31,649 as against Rs. 32,687 in the previous year and the balance was met with from fees, subscriptions and other donations.

(I) FIRST AID CLASSES.

The Director, Medical Department states that during the year under report 5 classes were held in First Aid representing 45 persons instructed—30 men and 15 women, 41 of whom were successful at the examination. 15 certificates were issued in 1338 Fasli. The Director remarks that though there was a slight advance in the number trained during the year he hopes that progress in future will be more marked.

Ambulance lectures were delivered in the following schools :—

1. Mahbubia Girls' High School, Hyderabad.
2. St. George's School, Hyderabad.
3. Nampalli Girls' School „
4. The Ladies' Recreation Club „
5. Forest Training School, Mahboobabad, District Warangal.

No expenditure was incurred by the Department either for training or for the issue of certificates apart from the expenditure incurred by the office of the Central Ambulance Board for the routine discharge of official duties in the shape of an allowance to a clerk.
